The Desk Research Report and Needs Analysis Report have been successfully completed with the active support of all project partners.

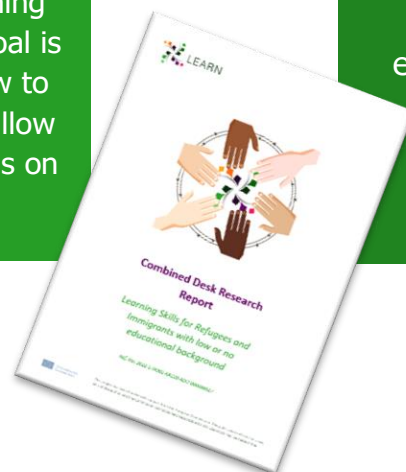

The consortium has created the LEARN Curriculum and are in the process of completing the Training Modules as well as the Trainers Handbook. The Curriculum includes a set of two courses:

Course I 'Introduction Course'

a pre-course aims to prepare newly resettled immigrants and refugees with no or little education for the learning process of a new language. The goal is to give a basic introduction of how to master life in a new country and allow the participants to have more focus on the process of learning.

Course II 'Key Living Skills'

which consists of 3 different Modules, namely: 'Education', 'Financial literacy and entrepreneurship', 'Social and cultural skills'.
